Touch Pro

Silver Black

Smart lock with fingerprint scanner, code function, and key tag. The touch panel lights up for easy visibility. Compatible with both right- and left-hinged doors using the Scandinavian standard for front doors. It features a built-in RFID reader for key tags and includes emergency keys for backup. App control of the lock using an existing compatible smart home system, requires our **Connect Module** (sold separately). App control using the **nimly connect** application requires both our **Connect Module** and **Connect Gateway** (sold separately).

Actual size
